

Solus Success Stories

Wipro Limited

Wipro Limited is a leading global information technology, consulting and business process services company. Wipro has over 160,000 dedicated employees serving clients across six continents and managing a controlled access and ensuring a secured environment to comply with their internal and client requirements is a big challenge for Wipro. Wipro is using Solus for the biometric based access control for its employees across the world.

Problem

- Managing the Daily Employee inflow and access to the facilities
- No accurate record maintenance of movements of employees
- Access Control
- Hardware and Software Integration
- Multiple vendors for management
- Managing access more safely
- Complying with their client's access control requirements for the client's projects

Solution

- Access Control for Employees
- Thin web client to enrol fingerprint
- Biometric readers
- Integrated Security management
- Photo display of the employee
